Hi, I attended the Harvest Festival to draw attention to the wonderful treasure we have in the Liverpool Plains, the black soil plains which can produce many crops per year due to the subterranean aquifer and good climate too. The Mooki shire is home to many koalas. One of the important things to do is to protect both the food bowl and the koalas from coal mining by one eyed mining companies, with one eye only on their business plan and expansion strategy. The NSW Govt needs to see the complete picture here. Sorry if it has to repay monies taken in error, but a bad decision CAN BE REVERSED! Sincerely, Kay Wilson
