A final report that recommends ways to improve native vegetation management in New South Wales will be tabled to the Minister for the Environment in 2013.

## Submissions

Mr Lane's first task will be to canvass stakeholder views provided in response to the consultation draft Native Vegetation Regulation 2012. The period for making submissions closed on 24 August 2012. All submissions, where permission was granted, have been published on the OEH website.

## Results of survey on native vegetation regulation

A survey on experiences with the way government regulates native vegetation was conducted from 10 November 2011 to 30 March 2012. The survey was designed to give the public an alternative way of providing input to the review of the Native Vegetation Regulation. The results of the survey were analysed by an independent expert and can be found in the survey analysis report.
