

CONTENTS

OVERVIEW	I
1 INTRODUCTION	1
1.1 PROJECT AIMS	1
1.2 BACKGROUND	1
1.3 ENVIRONMENT	2
1.3.1 <i>Biogeography</i>	2
1.3.2 <i>Geology and geomorphology</i>	5
1.3.3 <i>Elevation</i>	5
1.3.4 <i>Climate</i>	8
1.4 VEGETATION.....	8
1.5 HISTORY OF LAND USE	10
1.6 FIRE.....	10
2 METHODS.....	12
2.1 PRE-EXISTING FAUNA DATA	12
2.2 SURVEY STRATIFICATION AND SITE SELECTION	12
2.2.1 <i>Gap analysis and selection of priority areas for survey</i>	12
2.2.2 <i>Finer scale selection of survey sites</i>	13
2.3 SURVEY METHODS.....	13
2.3.1 <i>Systematic site-based methods</i>	16
2.3.2 <i>Transect based methods</i>	18
2.3.3 <i>Opportunistic methods</i>	18
2.3.4 <i>Targeted searches for Brush-tailed Rock-wallaby</i>	18
2.4 SURVEY TIMING	20
2.5 DATA ANALYSIS	20
3 RESULTS AND DISCUSSION.....	21
3.1 OVERVIEW.....	21
3.2 FROGS.....	22
3.2.1 <i>Discussion of species occurrence</i>	22
3.2.2 <i>Other species that have the potential to occur in the study area</i>	23
3.2.3 <i>Review of species records</i>	24
3.3 REPTILES	24
3.3.1 <i>Systematic survey findings</i>	24
3.3.2 <i>Discussion of other species occurrence</i>	25
3.3.3 <i>Other species that have the potential to occur in the study area</i>	29
3.3.4 <i>Review of species records</i>	29
3.4 NATIVE DIURNAL BIRDS.....	29
3.4.1 <i>Systematic survey findings</i>	30
3.4.2 <i>Discussion of other species occurrence</i>	31
3.4.3 <i>Other species that have the potential to occur in the study area</i>	33
3.4.4 <i>Review of species records</i>	33
3.5 NOCTURNAL BIRDS	34
3.5.1 <i>Systematic survey findings and discussion of species occurrence</i>	34
3.6 ARBOREAL MAMMALS	35
3.6.1 <i>Systematic survey findings and discussion of species occurrence</i>	35

3.7	NATIVE GROUND MAMMALS	37
3.7.1	<i>Systematic survey findings and discussion of species occurrence</i>	37
3.7.2	<i>Other species that have the potential to occur in the study area</i>	40
3.7.3	<i>Review of species records</i>	40
3.8	BATS	40
3.8.1	<i>Systematic survey findings</i>	41
3.8.2	<i>Discussion of species occurrence</i>	41
3.8.3	<i>Other species that have the potential to occur in the study area</i>	43
3.8.4	<i>Review of species records</i>	43
3.9	DISTRIBUTION OF THREATENED SPECIES	43
3.10	INTRODUCED SPECIES	44
3.10.1	<i>Introduced mammals</i>	44
3.10.2	<i>Predator scat analysis</i>	49
3.10.3	<i>Introduced birds</i>	49
4	MANAGEMENT RECOMMENDATIONS.....	52
4.1	AREAS OF HIGH CONSERVATION SIGNIFICANCE	52
4.1.1	<i>The 'Upper Goulburn Valleys and Escarpment' and 'Sydney Basin Western Escarpment' Mitchell Landscapes</i>	52
4.1.2	<i>Known localities of the Stuttering Frog</i>	52
4.1.3	<i>Known Brush-tailed Rock-wallaby colonies</i>	52
4.1.4	<i>Known localities of the Broad-headed Snake</i>	53
4.2	SUMMARY OF RELEVANT RECOVERY PLAN ACTIONS	53
4.2.1	<i>Stuttering Frog</i>	53
4.2.2	<i>Brush-tailed Rock-wallaby</i>	53
4.2.3	<i>Large Forest Owls</i>	54
4.2.4	<i>Barking Owl</i>	54
4.2.5	<i>Koala</i>	54
4.2.6	<i>Yellow-bellied Glider</i>	54
4.3	FIRE AND BIODIVERSITY	55
4.3.1	<i>Lessons so far from the Woronora Plateau post-fire fauna surveys</i>	55
4.3.2	<i>Recommendations for fire management</i>	55
4.4	PEST SPECIES AND BIODIVERSITY	56
4.5	OFF-RESERVE CONSERVATION AND LAND ACQUISITIONS.....	58
4.5.1	<i>Additions to Wollemi National Park</i>	58
4.5.2	<i>Conservation on private lands in the high priority Landscapes</i>	58
4.5.3	<i>Co-operative pest management</i>	59
4.6	FURTHER SURVEY AND MONITORING	59
4.6.1	<i>Specific threatened species projects</i>	59
4.6.2	<i>Other future work</i>	62
5	THREATENED SPECIES PROFILES	64
	REFERENCES.....	125
	APPENDIX A – LOCATION OF SURVEY SITES	139
	APPENDIX B – SUMMARY OF EXPLORATORY DATA ANALYSES	151
	APPENDIX C – FAUNA SPECIES RECORDED IN NORTH-WESTERN WOLLEMI NATIONAL PARK	153
	APPENDIX D – FAUNA SPECIES RECORDED AROUND (BUT NOT WITHIN) NORTH-WESTERN WOLLEMI NATIONAL PARK.....	161

LIST OF MAPS

MAP 1:	LOCATION OF STUDY AREA AND SURROUNDING CONSERVATION AREAS	3
MAP 2:	PATTERN OF MITCHELL (2002) LANDSCAPES IN AND SURROUNDING NORTH-WESTERN WOLLEMI NATIONAL PARK.....	4
MAP 3:	LANDSCAPE FEATURES OF NORTH-WESTERN WOLLEMI NATIONAL PARK	6
MAP 4:	ELEVATION OF NORTH-WESTERN WOLLEMI NATIONAL PARK AND SURROUNDING AREAS.....	7
MAP 5:	LOCATION OF SYSTEMATIC SURVEY SITES IN NORTH-WESTERN WOLLEMI NATIONAL PARK	19
MAP 6:	INTRODUCED CARNIVORE AND OMNIVORE RECORDS WITHIN FIVE KILOMETRES OF NORTH-WESTERN WOLLEMI NATIONAL PARK	47
MAP 7:	INTRODUCED HERBIVORE RECORDS WITHIN FIVE KILOMETRES OF NORTH-WESTERN WOLLEMI NATIONAL PARK.....	48
MAP 8:	INTRODUCED BIRD RECORDS WITHIN FIVE KILOMETRES OF NORTH-WESTERN WOLLEMI NATIONAL PARK.....	51
MAP 9:	THREATENED HERPETOFAUNA RECORDS WITHIN FIVE KILOMETRES OF NORTH-WESTERN WOLLEMI NATIONAL PARK.....	76
MAP 10:	PART 1 OF THREATENED DIURNAL BIRD RECORDS WITHIN FIVE KILOMETRES OF NORTH-WESTERN WOLLEMI NATIONAL PARK.....	91
MAP 11:	PART 2 OF THREATENED DIURNAL BIRD RECORDS WITHIN FIVE KILOMETRES OF NORTH-WESTERN WOLLEMI NATIONAL PARK.....	92
MAP 12:	PART 3 OF THREATENED DIURNAL BIRD RECORDS WITHIN FIVE KILOMETRES OF NORTH-WESTERN WOLLEMI NATIONAL PARK.....	93
MAP 13:	THREATENED NOCTURNAL BIRD RECORDS WITHIN FIVE KILOMETRES OF NORTH-WESTERN WOLLEMI NATIONAL PARK.....	98
MAP 14:	THREATENED ARBOREAL MAMMAL RECORDS WITHIN FIVE KILOMETRES OF NORTH-WESTERN WOLLEMI NATIONAL PARK.....	109
MAP 15:	THREATENED GROUND MAMMAL RECORDS WITHIN FIVE KILOMETRES OF NORTH-WESTERN WOLLEMI NATIONAL PARK.....	110
MAP 16:	PART ONE OF THREATENED BAT RECORDS WITHIN FIVE KILOMETRES OF NORTH-WESTERN WOLLEMI NATIONAL PARK.....	123
MAP 17:	PART TWO OF THREATENED BAT RECORDS WITHIN FIVE KILOMETRES OF NORTH-WESTERN WOLLEMI NATIONAL PARK.....	124

LIST OF FIGURES

FIGURE 1: NUMBER OF SPECIES RECORDED ON THE ATLAS OF NSW WILDLIFE WITHIN NORTH-WESTERN WOLLEMI NATIONAL PARK, SHOWING INCREASE FOLLOWING SYSTEMATIC FAUNA SURVEY	21
FIGURE 2: MAMMAL PREY ITEMS (HAIR AND SKELETAL REMAINS) IDENTIFIED FROM PREDATOR SCATS COLLECTED IN NORTH-WESTERN WOLLEMI NATIONAL PARK DURING CRA AND BSP SURVEYS	49
FIGURE 3: THREE-DIMENSION MDS PLOT OF SITES CODED BY MAJOR VEGETATION CLASS	151

LIST OF TABLES

TABLE 1: SUMMARY OF LANDSCAPES WITHIN NORTH-WESTERN WOLLEMI NATIONAL PARK BASED ON MITCHELL (2002)	2
TABLE 2: AREA OF EACH BROAD STRATA (DERIVED FROM KEITH 2004) WITHIN NORTH-WESTERN WOLLEMI NATIONAL PARK AND CORRESPONDING ALLOCATION OF SYSTEMATIC SURVEY SITES.....	15
TABLE 3: TIMING OF DEC SYSTEMATIC FAUNA SURVEYS WITHIN NORTH-WESTERN WOLLEMI NATIONAL PARK	20
TABLE 4: NATIVE DIURNAL BIRD SPECIES RECORDED ONLY DURING THE FIRST BIRDS AUSTRALIA SURVEY	33
TABLE 5: PERCENTAGE OF THREATENED FAUNA RECORDS IN EACH MITCHELL LANDSCAPE (INCLUDES ALL DEC RECORDS LOCATED WITHIN AND FIVE KILOMETRES SURROUNDING NORTH-WESTERN WOLLEMI NATIONAL PARK)	44
TABLE 6: THREATENED FAUNA SPECIES RECORDED WITHIN AND AROUND NORTH-WESTERN WOLLEMI NATIONAL PARK ON THE ATLAS OF NSW WILDLIFE, AS AT 19 TH JUNE 2006	67
TABLE 7: RESULTS OF ANOSIM BETWEEN SITES GROUPED INTO MAJOR VEGETATION CLASSES	152
