Keeping it off the Streets! Evaluation Sheet

Hi, my name is ...........................................................and I’m a student at the University of New South Wales. The University and Waverley Council recently held a street party for Bronte residents in Read Street, on Sunday, 23 July. Angela Moore from Playschool was there, the Mayor of Waverley Paul Pearce, a live band called Combo, and we had a leaf sweeping race won by actor Chris Haywood. There were also information stalls, free food and giveaways, face painting and show bags. Sammy the Frog was also there, a large frog on a trailer that opens up to show people a ‘stormwater catchment area’ inside. (Sammy the Frog also visited Bronte Public School 2 days before the event).

We’re talking to people around here about the event – do you mind if I ask you about it? It should only take 5 minutes, and it’ll help us plan future community events. I’m not recording anyone’s names or identifying details.

1. Did you know about the event? Yes No

2. How did you find out about it?

3. Did you go along on the day? Yes No
(If no, can you tell us why? E.g. other commitments, didn’t like the look of it, not interested?)
(If no, stop here - Thanks for your cooperation).

4. If yes, how would you describe the event?

5. What did you like about the event?

6. What do you think could have been done differently?

7. What do you think the aim of the event was?

8. Is there anything you know now about stormwater pollution that you didn’t know before?

9. Is there anything you do now about stormwater pollution that you didn’t do before?

Thanks very much for your time and cooperation
[offer them a business card if they have any queries or want more information]
