Community Photography - help manage stormwater pollution in Bronte!

The Bronte Catchment Project is about ...
Getting involved and helping the local environment.

The Bronte community includes...
Residents, visitors, local businesses, community groups and Waverley Council.

We want to hear from...
People who are interested in photographing pollution hotspots in Bronte catchment. You will help identify stormwater pollution problems and what can be done about them. We would like to use your photos in posters and leaflets about the project.

Because...
The Bronte Catchment Project is about what we can all do to look after our local environment. Your participation will help Council decide how to reduce stormwater pollution.

This Project is a Waverley Council initiative and is supported by local community groups such as Keep Bronte Beautiful, Bronte, Bronte Beach, and Charing Cross Precinct Committees, Bronte Gully and Calga Reserve Bushcare groups and the Bronte Surf Life Saving Club. This project is hosted by Elton Consulting as a non-profit project and managed by Associate Director, Roberta Ryan. This Project has been assisted by the New South Wales Government through its Stormwater Trust.
