(	
<b>Q 10: Mobile:</b>	
<b>Q 11: Country:</b>	
Australia	
<b>Q 12: Email:</b>	
<b>Q 13: Please add your comments here:</b>	
<p>On behalf of 400 members of Birding NSW (NSW Field Ornithologists Club inc), we are calling for a total ban on clearing of native bush, the felling of native trees and for the restoration of sections to provide contiguous habitats.</p> <p>The practices of providing "offsets" at some distant place or cash to provide a BioBanking fund are completely false and injurious to the ecosystems of Australia. Once lost, the 10,000 year old bush will be lost forever. Old trees with hollows to shelter wildlife can never be replaced.</p> <p>We are calling for a total ban on clearing and felling of native bushlands. The Office of Conservation. I Bailey.</p>
