

S00044 – Gary Bear

Consultation Question Catch & release Possums

I am lead to believe that anyone can hire a possum trap from Kennard's or Coats hire for around \$45.00. If this is the case they would have no idea of N.P.W.S Conditions catch and release of possums. I can ashore you they want be released within 150 meters of capture point and no activity report.

Only S120 licence holders should catch and release possums.

Consultation Question / Catch & Release Reptiles.

Should be retained as in S120 licence holders only.
