

S00063 – Heather Aarts

Hi I'm a first time reptile owner and I do feel that new reptile owners need help with making the proper outcome in the enclosure for the type of animal they have my license expired after my snake passed away. As I'm still coming to term with his death :(although I want to renew for a bearded dragon til I'm ready for another snake. I just don't know which one to renew my license for the western or eastern bearded dragon
