Dear Ms Singleton,

I am writing to you concerning the Development Application (DA) CP17-004, lodged by you on behalf of Mr Michael Siddle for works at Lots 32-36 Section 2 DP 1623, Nos. 28 and 28A Childe Street, Byron Bay.

In the information that you have provided to the Panel dated 21 April 2017, you have noted that “*no works are proposed on that part of The Esplanade owned by the Crown*”.

In previous correspondence you provided dated 17 March 2017, you advised the works will comprise “*re-staking of loose rock armour retrieved from the beach margins*”. The Panel is seeking clarification around which sections of The Esplanade and/or beach this armour will be retrieved from and if possible an aerial photograph clearly illustrating that location.

The Panel is also seeking information on how you propose to manage the boundary between the parts of The Esplanade owned by Byron Shire Council and the Crown, so as to not disturb any existing materials or land on the part of The Esplanade owned by the Crown during and following construction.

We request that you provide this information, or details of when you will be able to provide this information within 10 days of this letter.

Should you wish to discuss any of the information in this letter please contact coastal.panel@environment.nsw.gov.au

Yours sincerely

MARC DALEY
