

2009-2011 NSW Heritage Grants program

The two year 2009-2011 NSW Heritage Grants program was launched in October 2008. Competitive applications for the Works; Interpretation; Community Strategic products and services projects; and the Special Program for Major Cultural and Community Heritage Buildings program were received and approved in 2008-09 for implementation over 2009-11.

Applications for all other programs were opened throughout the year: Conservation Documents and Management Reports; Local government heritage management; and Aboriginal heritage projects. Once sufficient project applications were approved against the program funding allocation, the programs were closed.

In 2009-10, the following projects were approved for funding under Ministerial delegation as set out in this table:
