

## NSW REPTILE KEEPERS' LICENCE SPECIES LISTS (2006)

The taxonomy in this list follows that used in Wilson, S. and Swan, G. *A Complete Guide to Reptiles of Australia*, Reed 2003. Common names generally follow the same text, when common names were used, or have otherwise been lifted from other publications. As well as reading this species list, you will also need to read the "NSW Reptile Keepers' Licence Information Sheet 2006." That document has important information about the different types of reptile keeper licenses. It also lists the criteria you need to demonstrate before applying to upgrade to a higher class of licence.

### THESE REPTILES CAN ONLY BE HELD UNDER A REPTILE KEEPERS' LICENCE OF CLASS 1 OR HIGHER
